### Instructions

1. Find the Common Name (A) of the tree in the Inventory List.
2. Locate the corresponding Map (B) for the tree in the Section Maps.
3. Locate the Item Number (C) on the Section Map for the precise location of the tree. You can use the Location (D) description to help you find the Item Number on the Section Map.
4. Click on Alder, Black or European (E) above to see an example.
