\\ UPDATE YOUR EXPERTISE

Manufacturing is Indiana's largest business sector, with more than 70,000 jobs, including more than 100 annual openings for mechanical and industrial engineers. You can be a leader in this growing field with an **Advanced Manufacturing Engineering Certificate**.

What, exactly, is "advanced manufacturing"? It's creative approaches to classic challenges. It's implementing state-of-the-art technologies. It's new thinking, fresh solutions, and world-class innovation.

Help lead this wave of change with an **Advanced Manufacturing Engineering Certificate** in mechanical engineering.

\\ DID YOU KNOW?

- » B.S.M.E. majors need only two extra classes to earn an AMEC certificate.
- » Non-B.S.M.E. majors need only six classes to earn an AMEC certificate.
- » Elective courses in lean manufacturing, quality engineering, CAD/CAM, and statistics allow you to customize your program.
