

Bachelor of Science in Computer Engineering (BSCmpE) Degree
Department of Electrical and Computer Engineering

All engineering & technical elective courses must be completed with a combined minimum GPA of 2.0.
All courses used to satisfy a General Education requirement must be completed with a grade of C- or better.
Course sequencing follows the academic year, and assumes beginning the program in the fall semester.

The math and physics departments require a C or better in some pre-requisite courses.
For more information, visit the ECE Department website.

Effective: Fall 2022
