

Job Opportunity: Entrepreneurially Minded Electronics Technician/Electrical Engineer

Join Our Team in North Manchester, Indiana - Level-Up Your Career in Power Electronics!

Are you a forward-thinking and entrepreneurially minded Electronics Technician or Electrical Engineer with a passion for power electronics? Custom Magnetics, Inc., a leader in custom-designed transformers and coils, is actively seeking a smart, teachable, and detail-oriented professional to join our team and contribute to our journey of innovation and growth.

Key Responsibilities:

- **Hands-On Innovation:** Collaborate with our talented team to design and develop custom transformers and coils, showcasing your entrepreneurial spirit and technical expertise.
- **Production Integration:** Gain valuable insights by working alongside our production team, fostering a holistic understanding of the manufacturing process, and bringing an organized approach to enhance the quality and efficiency of our designs.
- **Problem-Solving:** Tackle challenges head-on with an empathetic approach, applying your years of experience in the power electronics industry to provide creative solutions and contribute to the success of our projects.
- **Strategic Growth:** Be a driving force in propelling our small business to new heights, actively participating in the development and execution of strategies for expansion and excellence.

Qualifications:

- **Professional Background:** Proven experience as an Electronics Technician or Electrical Engineer in the power electronics industry.
- **Entrepreneurial Mindset:** Demonstrate an entrepreneurially minded approach, always seeking opportunities for growth and improvement.
- **Teachable:** A willingness to learn and adapt in a dynamic work environment, open to new ideas and technologies.
- **Smart and Detail-Oriented:** Display intelligence in problem-solving and exhibit attention to detail in every aspect of the design and manufacturing process.
- **Organized:** Bring an organized approach to tasks, ensuring efficient workflows and streamlined processes.
- **Empathy:** Interact with empathy and consideration, understanding the needs and perspectives of both team members and clients.
