

Regional Fair Student Questionnaire for Grades 6-12

For definitions of human subjects/participants, vertebrate animals, microorganisms, hazardous chemicals/devices etc. see the ISEF Rulebook at www.societyforscience.org/isef/document

Circle answer

Yes No Is this a continuation of a previous year's research?

Where is your research being conducted?

School Home Field Other

Yes No Does your project involve vertebrate animals?

Yes No Does your project involve human participants?

Yes No Does this project involve Recombinant DNA or other non-exempt Microorganisms?

NOTE: Grades 1-8 should not be doing bacterial studies of any kind

Yes No Does your project involve human or animal tissue?

Yes No Does this project involve any hazardous chemicals, activities or devices and microorganisms exempt from pre-approval?

NOTE: Grades 1-8 should not be using hazardous chemicals, devices, and/or activities.

If you answered YES to any of these questions your project requires Pre-Experimentation Review by the IPFW Scientific Review Committee (SRC). Do not start your experiment until that review is complete and your teacher has received the SRC recommendations.

Deadline to submit forms to IPFW for Pre-Experimentation Review is **Wednesday, Jan. 30, 2013.**
